Subject: updated draft settlement - SRC, EPA, DOJ

Good Afternoon Ken,

Attached is an updated draft settlement in response to the comments and proposed edits you provided to EPA and DOJ a few weeks ago. There are a few items flagged for discussion in this draft. Erika and I are available to discuss these early next week, at your convenience. We are generally available next week on Monday or Tuesday between 1pm and 3pm PT, or Wednesday from 2pm to 3pm PT. If those times are not good for you, please propose other times.

Sincerely,
Kris
